SOLUTION

YOUR HOME THEATER FURNITURE SOLUTION

# MAKE YOUR HOME THEATER LOOK AS GOOD AS IT SOUNDS

Typically, there are two choices in home theater furniture. You can buy an off-the-shelf system that may not be exactly what you really want. Or pay the high price of a custom-built system. With IC Woodworks, you don't have to choose. IC Woodworks makes buying home theater furniture easy by offering fourteen system configurations as a starting point. From there, it's up to you.

Select the style you like. The doors you like. The wood you like. And the finish you like. You can even order custom sizes and options.

Best of all, you get custom hand-crafted American furniture for about what you would expect to pay for a typical off-the-shelf furniture system.

## IC WOODWORKS OFFERS:

- HIGH-QUALITY AND AFFORDABILITY
- SIZES AND CONFIGURATIONS FOR ANY TV
- 14 STYLES TO MATCH ANY DECOR
- 30 WOOD AND FINISH COMBINATIONS
- CUSTOM OPTIONS

## A CHOICE OF TRADITIONAL OR CONTEMPORARY STYLES:

### Woodcliff®

Woodcliff offers the traditional design of fine furniture. Solid face frame construction reveals the detail of the cabinets behind the doors. You see the quality of select hardwood and craftsmanship. Heavy duty side panels, inset back, and inset door styles make Woodcliff the very best.

### Ravenswood®

Ravenswood features the simple elegance of high-tech European cabinetry. Full overlay doors conceal the frameless cabinets. Same great construction quality as our Woodcliff series, but with slight cost savings due to construction techniques and reduced material usage.

WOODCLIFF WSV-4 SYSTEM

# A CHOICE OF SYSTEMS FOR ANY HOME THEATER

Fourteen customizable configurations including tall wall systems, short wall systems, and video credenzas. Select a wall system with a center video cabinet for direct view, LCD, and plasma TVs. Or, select custom-sized acoustically transparent front panels and bridging shelves for rear projection TVs. An additional shelf can be added for to create a compartment for easy speaker placement or supporting a plasma screen. All systems available in Ravenswood (RSV, RTV, RC) or Woodcliff (WSV, WTV, WC). Your choice of wood doors, glass doors, or grill panels in any position. Additional slide-out software storage and other options available. All dimensions include crown molding. All cabinets are 24 inches deep except where noted.
